

BIG AUDIO PERFORMANCE FOR PERSONAL GROUP CONFERENCE UC200 SERIES

incorporates portable wireless speakerphones for today's mobile workforce. UC200 series enhances your collaborations, enabling clear alignment and constructive problem-solving among your team regardless of time, space and location.

The speakerphone works with Skype for Business, Cisco Webex, Zoom, Teams and many other collaborative tools. It connects easily to a computer via USB or to a tablet or smartphone via Bluetooth®. After the meeting, you can then fill the room with your favorite music.

Enhanced voice pickup and superior speaker sound enables everyone on the call to engage with the same confidence and clarity as if being there in person.

Key benefits & features

- **Easy to use**
Portable with Bluetooth® or USB connection, experience plug-and-play conferencing anywhere
- **Better quality conferencing**
Replaces PC/mobile speakers and microphone with an exceptional audio experience
